

KW I-TEK 6

Glue, paint and graffiti remover

Applications/work methods

Purpose of use

An effective and environmentally friendly ready-to-use surfactant made to replace traditional hydrocarbon solvents. KW I-TEK 6 effectively removes non-curing polymer adhesives, polyester resin, window and floor adhesive residues. It also removes floor wax. Also quite capable of removing graffiti. Used in the wood and boating industries and on construction sites to remove adhesive residues from windows and floors.

Properties

Clear liquid
The product is rapidly biodegradable

Contains

Non-ionic surfactants < 5%

pH in concentrate 7

pH in dilution 7

Instructions for use

KW I-Tek 6 is applied as is to the surface to be cleaned. Application time 5-15 min. Rinse off. If necessary, finally wipe the surface with a cleaning cloth moistened with water. Not recommended for use on painted surfaces. Try first on an inconspicuous area. When removing traces of graffiti, it is advisable to finish the surface with KW Yleispesu.
