

KW Super-Clean

Cleaning product for convection ovens and grills

Applications/work methods

Purpose of use

Strongly alkaline for cleaning the hoods of convection ovens, grills, baking ovens and stainless steel cooker hoods. Highly effective in removing stuck and dried food residues and oil smears from oven and cooking vessel surfaces. Not for aluminium.

Properties

Red liquid
Unscented

The product is rapidly biodegradable

Contains

Phosphates	< 5%
Phosphonates	< 5%
Anionic surfactants	< 5%
Amphoteric surfactants	< 5%
Non-ionic surfactants	< 5%
Colouring agent	

pH in concentrate 14

pH in dilution 14

Instructions for use

The KW Super-Clean container is connected to the automatic dispensing system of the oven/grill. The product can also be foamed or applied as such. Apply the product at a dosage of 1:10 to the cold/cooled surface to be cleaned. Heat the oven/grill to +50 - +70 °C. At higher temperatures the solution may evaporate and cause discolouration of the steel. Allow to take effect max. 5 min., then remove loose dirt and rinse thoroughly with water. Do not mix with other substances.
